MEMORANDUM

TO: THE BOSTON REDEVELOPMENT AUTHORITY

FROM: ROBERT F. WALSH, DIRECTOR

SUBJECT: FINANCIAL SETTLEMENT OF THE WASHINGTON PARK PROJECT

---

Under the Housing and Community Development Act of 1974, projects can be financially settled prior to their full completion. Under the procedures of the Act, the Authority and the City jointly apply to the Department of Housing and Urban Development for final grant payment. After executing an agreement on the terms of the settlement, HUD retires the outstanding loan with the Federal grant balance and provides any surplus grant to the City as Community Development funding.

The primary incentive for such an early settlement is to eliminate interest costs to the Authority. The Washington Park Project currently incurs \$8,900 in interest costs per month.

The Washington Park Project is substantially complete, except for land disposition, certain public improvements, and fees. I have requested that HUD consider the project for early financial settlement, and that the surplus grant be returned to the City as Community Development Grant, to be allocated to remaining Urban Renewal costs.

HUD has given preliminary approval. HUD and the City have indicated their willingness to enter into the attached settlement agreement. It stipulates that the final grant payment will be used for note repayment, with the balance to be allocated to remaining activities and obligations in the Project. The balance will be provided to the Authority through an amendment of our contract with the City of Boston to carry out Community Development activities. The BRA's responsibility for remaining activities, including land disposition, and the execution of improvement contracts, would not be altered.

It is, therefore, recommended that the Authority authorize the Director to apply to HUD for financial settlement of the Washington Park Project, to enter into an agreement with HUD and the City of Boston stipulating the terms of this settlement and the use of surplus grant, and to amend our Community Development contract with the City of Boston to incorporate the remaining project activities.

An appropriate vote follows:

VOTED: That the Director is authorized to apply to HUD for financial settlement of the Washington Park Urban Renewal Project, to enter into an agreement with HUD and the City of Boston stipulating the terms of the settlement and the use of surplus Federal grant, and to amend our Community Development contract with the City of Boston to incorporate the remaining project activities.
